Re: Commendation - Raphael Wildemann

The purpose of this letter is to formally and publicly commend Raphael Wildemann for the excellent service he provided to the U.S. Department of Defense, Defense Criminal Investigative Service (DCIS), European Resident Agency, with regards to Law Enforcement Krav Maga instruction on May 14, 2010. In my opinion, the level of expertise that Instructor Wildemann displayed to our organization was far beyond our expectations. I was so impressed by the skill and knowledge demonstrated by Instructor Wildemann that I felt compelled to go on record with my praise. Instructor Wildemann truly deserves acclamation for his proficiency as a Krav Maga instructor.

What particularly impressed me about the level of skill demonstrated by Instructor Wildemann was his fluid motion and accurate movements while illustrating each technique. Instructor Wildemann's enthusiasm for the Krav Maga discipline was self evident and his passion for his instruction was contagious. Instructor Wildemann had a positive impact on every participant and each individual left the training knowing how to better handle themselves if ever encountered with a self-defense situation.

As a student of Krav Maga since January 2005, I believe that Instructor Wildemann truly deserves to be commended for providing such excellent instruction and for providing training well beyond the expectations of our organization. Instructor Wildemann is a superior Krav Maga trainer.
